## EXPERIENCE

**Unified Mentor** Intern | Jun 2024 - Present | Virtual

**FULL-STACK** | HTML | CSS | JavaScript

- Develop a web-based chat platform enabling users to join chat rooms, exchange messages in real-time, and experience a smooth and interactive chat environment.

**Internshala** Intern | Sep 2023 - Nov 2024

**Data Science | Machine Learning**

- Created a predictive model to identify customers most likely to subscribe to term deposits.
- Utilized demographic data and telephonic marketing interaction details.
- Enabled the bank to efficiently target potential customers and optimize investment in telephonic marketing campaigns.

## PROJECT(S)

**ICSEIC-2025 CMRU Website** | HTML | CSS | JavaScript

**Problem Statement:** Designed and developed the ICSEIC-2025 CMR University website, ensuring a user-friendly interface and seamless navigation for stakeholders. Implemented modern web technologies to enhance functionality and user experience, meeting project goals effectively.

**Personal Portfolio Website** | HTML | CSS | JavaScript

**Problem Statement:** Developed and designed a comprehensive personal portfolio website showcasing a wide range of skills, projects, and achievements. The portfolio is structured to highlight professional experience, educational background, and key accomplishments in a visually engaging and organized manner. It serves as a dynamic and interactive representation of personal and professional growth.

## ACHIEVEMENTS

**Quiz Winners** : By Zilla Grandhalaya Samstha, Kurnool.

**Football Winners** : The Kurnool District Secondary School's Athletic Association.

## CERTIFICATIONS

**Data Science** : By INTERNSHALA

**Python Basics** : By CodersCave
